

AFTERSCHOOL NEWS

THRIVE in November

We are excited to add a new vendor to the afterschool-Reconstruction. Reconstruction supports the district focus on the literacy and math while simultaneously providing students with a sense of belonging, community, and identity, thereby growing their self-confidence and agency. This enrichment focuses on student well-being and connectedness (social-emotional learning and leadership), visual and performing arts, and cultural explorations.

IMPORTANT DATES

- Nov. 1st - Midterms Progress Reports
