PARENT/GUARDIAN AGREEMENT

I want my child to achieve. Therefore, I will encourage him/her by doing the following:

Unless the parent or guardian notifies the Jackson Public School District otherwise within five days after notification by receipt of the Student Handbook and Code of Conduct, consent is implied for the Jackson Public School District to release directory information to others including military recruiters.

This implied consent includes the release of student directory information, or for non-directory information such as student work, for use in the following ways:

1. On the Jackson Public School District's web site
2. The web site will use student's first name and/or first name and last initial only. Personal information such as home address, phone number or names of family members will not be used. Any information that indicates the physical location of a student at a given time other than attendance at a particular school or participation in school activities will not be used.
3. Schoolwork may include, but is not limited to, art, written papers, class projects, and computer projects.
4. In material printed by the school or the Jackson Public School District or printed by publishers outside the Jackson School District
- 5.

6. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
7. Religious practices, affiliations, or beliefs of the student or student's parent; or
8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

PPRA also concerns marketing surveys and other areas of student privacy, parental access to information, and the administration of certain physical examinations to minors. It is the goal of the Jackson Public School District to balance researchers' need for information that will be used to assist public schools with students' right to privacy. The school district will notify parents if their child will be monitored or surveyed by researchers. The notification will include the dates of the proposed research activities and will contain instructions on how to exclude their child from the activities. Parents also have the right to review curriculum materials and survey instruments and procedures before they are used with their child.

The school will annually inform parents in the event it administers any health or physical screenings and furnish parents the opportunity to exclude their child if they so choose.

OTHER PARENTAL NOTIFICATION RIGHTS

Under the Every Student Succeeds Act, parents of students in Title I schools and Title I supported programs have a right to information on the professional qualifications of their child's classroom teacher. Parents are entitled to be informed if their child is not taught by a certified teacher, as defined by federal and state statutes and regulations, for four consecutive weeks. In the elementary schools, a certified teacher is one who has passed a state test demonstrating subject knowledge and teaching skills, possesses a bachelor's degree or higher, and has a state certificate. In the middle and high schools, a certified teacher is one who passed a state test in the subject areas that he or she teaches or successfully completes an academic major or equivalent course work, graduate degree, or advanced certification or credentials in each subject taught, has a bachelor's degree or higher, and is certified. Parents also have a right to know if a
